- **No food** is to be brought into or delivered to the youth zone. Hot and cold food and snacks are available in our café.

Improving together

We want you to be the **best person you can be** and, from time to time, we may need to remind you of our code of conduct. If you are struggling to keep within our code, it might be necessary to have a cooling off period from the Youth Zone.

We will help you to understand the issue and we will continue to talk to you and your parents or carers to make sure we can make steps towards welcoming you back.

I understand and agree to
